## REGISTRATION

Register at MAGNETO website

[magneto-h2020.eu](http://magneto-h2020.eu)

**MAGNETO** is a H2020 European Project that revolutionizes the capacity of Law Enforcement Agencies (LEAs) to deal with extreme volumes and diversity of data in order to accomplish highly-efficient crime prevention and investigation.

If you are interested in becoming a presenter (session: "Presentations from Sister Projects"), as well as for any organizational matters, please contact Mrs. Konstantina Remoundou ([kreoundou@cn.ntua.gr](mailto:kreoundou@cn.ntua.gr))

## AGENDA

9:00 am	Welcome and introduction
9:15 am	Dr. Kostas Demestichas, Dr. David Faure
9:15 am	Demonstrations
10:15 am	Dr. Christian Rabini, Dr. Franciso Pérez
10:15 am	Short Break
10:25 am	Short testimonials
10:45 am	Presentation from sister projects
12:00 pm	Dedicated Session on Legal/Ethics Tools
12:30 am	Mr. Thomas Marquenie, Dr. Irina Marsh
12:30 am	Farewell

## ABOUT MAGNETO

**MAGNETO** is a 3 year project that started in May 2018. During its course it has managed to:

- Augment the capabilities of Law Enforcement Agencies (LEAs) in managing, investigating, correlating and drawing reasoning from huge volumes of heterogeneous and disjoint multimedia data.
- Develop dedicated technical breakthroughs to anticipate both the growth in volume and types of data, and the resources and evolution of crime and criminality.
- Design and compose an open framework that respects legal and ethical rules and guidelines, and develop powerful tools to deliver increased innovation capacity in Europe, and more efficient information exchange between operators and other users
